

NITHYA DASOHA (MID DAY MEALS)

This helps to improve the nutritional status of the students and to encourage them to attend classes regularly.

Many students come from rural areas. They attend the classes from morning till evening. It results in attention deficit and low academic performance. Hence the programme.

It improved 43 students' attendance and their academic performance.

The scheme is funded by Alumni association and faculty members.

Other colleges too can implement this practice.

MANADALADA MATHU (LIBRARY)

The main objective of this practice is to give an opportunity to students to share their thoughts. Library and information science department of our college started this practice in the year 2019 to exhibit the talent of students.

Every Thursday students from 12.00 to 12.30 PM profess their oratory, interpreting and analyzing skills. It helps them to present papers in different seminars, conferences etc.

No resource is required to implement this practice.

Other institutions too can adopt this practice.

Other best practices are

- Morning prayer
- Counseling facility for students
- 'Punashchethana' an in-house faculty development programme.
- Induction programme for the first year students.
- Rain water harvesting
- Use of solar energy.
