## Executive Summary

### Introduction:

**Sree Siddaganga Education Society** was established on 17th July 1963 and registered under the Karnataka Societies registration Act of No 10-of 1963-64 dated 17th July 1963.

The driving force behind the society is the blessings and divine guidance of **His Holiness Karnataka Rathna Padma Bhushana Dr. Sree Sree Shivakumara Swamiji**, the Pontiff of Siddaganga Mutt who is also the Founder President of the Society. His Holiness Karnataka Rathna Padma Bhushana Dr. Sree Sree Shivakumara Swamiji, aged 110, is a Scholar of distinction himself in Sanskrit, Kannada and English. He is a staunch follower of “**Basava Philosophy**” with his mission statement “**Kayakave Kailasa - Work is Worship**”.

Sree Siddaganga College of Arts Science and Commerce, Tumakuru, a first grade Co-Educational Institution under the Siddaganga Education Society is affiliated to the Tumakuru University, Tumakuru. It was established in the year 1966. Ever since its inception, the College has been in the forefront of higher education in the State. The College submitted itself to the First Accreditation in the year 2004 and was awarded with B+ Grade (77.75) and was subsequently reaccredited with the high grade of B with CGPA of 2.87 in the year 2011.

This multi-faculty Institution has an enrolment of 1651 students, 84 faculty members and 30 non-teaching staff. Dr R.Ananda kumari is the Principal of the Institution.

### Vision:

To train our youth in a high academic environment imbibing great values which enable them to become self-reliant, purposeful and useful citizens of the world.

**Mission:**

To strive to be the lead college among the degree colleges in terms of providing education, excellence and enlighten its students while continuing to meet its social commitments.

To equip the students with knowledge, emotional stability and complete personality development. To give confidence and winning edge in the present Global context and make modern education relevant to real life.

**SWOC****Institutional Strength :**

- The College is blessed with a calm and peaceful campus, ideal for scholarly pursuit and artistic endeavour.
- The resolution of the Management gives priority to merit and ensures healthy diversity and plurality among staff and students.
- Our college has an annually revised and updated prospectus and calendar.
- The college has a good institutionalized feedback system: teacher evaluation by students, Alumni, suggestion box and work diary by faculty
- College website [www.sscasc.org](http://www.sscasc.org) provides information on all the activities
- Orientation Programme for Faculty and Students
- ICT enabled teaching-learning process
- Continuous updating of knowledge through seminars, conferences and workshops
- Internal assessment is conducted on time according to University norms
- Comfortable student-teacher ratio (22:1) in core courses
- Excellent library resources with INFLIBNET facility 2 UGC minor projects are in progress Automation of library and office
- ‘**Rasaganga**’ the College magazine provides space for students creativity
- Annual cultural fest - **Abhivyakthi**, inter departmental competitions and various Clubs and Forums provide platform to students to express their skills and talents. NSS, NCC and sports activities.
- An IQAC committed to quality sustenance and enhancement.
- Extension and Outreach programmes

**Institutional Weakness:**

- The transition from the annual to the semester system and then to new CBCS was a challenging phase in the College.
- Not receiving permanent affiliation for new courses. Such courses are conducted as self-financing courses.
- Due to rural background there is poor communication skills in English No government approval for filling up retired vacancies.
- Girl students getting married before course completion Lack of funds by the Government Untimely announcement of results.
- Increased administrative work for teachers as a result of internal examinations.
- Time constraint to attend conferences, workshops, and other research oriented training programmes.
- Industry linkages are limited, as Tumakuru is not an industrial centre.

**Institutional Opportunity :**

- Value added courses and enrichment programmes can be introduced
- Consultation services to be institutionalized and developed into an income generating source
- Intensify collaboration with other organizations
- More PG Departments to be opened
- Provide more systems to students to enhance e-learning Provide more facilities for ICT
- Step up solar energy for electrification
- Attract students from other states increase student diversity Staff welfare schemes to be introduced
- Faculty empowerment through exposure to top class Institutions

**Institutional Challenge :**

- One of the biggest challenges for the institution is to keep pace with the demands of a rapidly changing society and equipping students to meet the

demands of innovative and emerging job markets because traditional programmes do not sufficiently meet the challenges of employability.

- Provide timely access to course materials for the revised and restructured syllabus.
- Students joining for Professional courses leave vacancies.
- Maintenance of infrastructure is becoming expensive.
- Lack of timely expertise leads to delay in repairs.
- Student progression to be better oriented and monitored
- Clubs and Forums to be made more active and to be extended beyond the campus

### **Criteria wise Summary**

#### **Curricular Aspects :**

Sree Siddaganga College of Arts, Science and Commerce (SSCASC) Tumakuru, is a co-education college and is one among the 127 institutions of Sree Siddaganga Education Society (SSES) (R.).

The SSCASC has 84 Teaching staffs, out of which 12 are the members of board of BOE/BOS studies, 04 are chairmen of BOE, and 02 are custodians in the Tumkur University, Tumakuru. In recent years, the higher education scenario in Karnataka has undergone a total revamping and restructuring which also anticipate a paradigm shift in the perception of disciplines. After the post accreditation period, the Institution had to manage the old semester and new CBCS syllabus in the (UG) as well as in the (PG).

The curriculum is modified in Arts, Science and in Commerce streams by the Tumakuru University. Indian Constitution, Computer Fundamentals and Environmental Studies are introduced as compulsory subjects for all degree students. The institution has a transparent admission process by forming admission committee, conducting counselling and special preference is given to SC, ST, OBCs, girls, minorities and physically challenged to comply with all educational norms of the government. The suggestions of the previous two NAAC Peer teams were immensely helpful in drafting strategies and perspective plans for quality enhancement.

### **Teaching-learning and Evaluation :**

Siddaganga College insists on a learner-centric environment conducive for quality education and student empowerment. Institutional accountability in the teaching, learning and evaluation process is of prime concern. Learner centered education is provided through ICT, PPT, OHP, interactive, and experiential methods like project work, study tours and seminars.

The institution is striving for continuous improvement of teacher quality by Punashchethana – Orientation Program, encouraging participation in State and National Level Seminars and Conferences, promoting Ph.Ds. and M.Phils. Recognizing and rewarding achievers, Continuous Education Program for teachers and recruiting able talented faculty. Institution maintains academic planner, proctor system, lesson plan, and unitization of syllabus, unit tests, assignments and student seminars.

Induction test and orientation course at entry level is conducted, which help to identify slow, average and advanced learners. The exposure of faculty to recent advances in their respective disciplines, internal and external professional development programmes ensure the perpetual enhancement of teacher quality. The library is truly the soul of the Institution and is constantly updated in study material mobilization and equipped with modern operation technology and schemes. The laboratories, seminar halls, auditorium, etc are well furnished with adequate technology and equipment.

### **Research, Innovations and Extension :**

SSCASC, Tumakuru has a Research Centre. Several measures have been taken to promote research culture among both staff and students. Research Committee promotes research oriented works. The post accreditation period also witnessed a rise in paper presentations and publications in peer reviewed journals. Consultancy activities are also in practice. Four NSS units, two NCC companies and Red Cross Society are conducting extension activities effectively like blood donation, community services, eco-awareness workshop etc. The NCC Unit of the College won the much coveted award for the Best NCC Company for three consecutive years in the Republic parade. College has collaboration with CPR environmental education centre, Rotary blood bank, and Karnataka Rajya Vignana Parishath and Pollution control board to carry out extension activities

### **Infrastructure and Learning Resources :**

The College has spacious green campus with separate administrative block, state of art laboratories, open access library with UGC information center and Internet, common computer facility, 32 lecture halls including 02 high tech lecture classes, Seminar hall with multimedia, separate girls rest rooms, toilets for girls, boys and staff. Indoor sports room, Canteen, Open Air Theatre, Bank with ATM facility, Co-operative society, Health Center, Grievance Redressal Cell. Career Guidance Cell has created optimum ambience for Employability and campus recruitment which is a recent phenomenon in general degree colleges. Library has 67201 numbers of books, 10 research journals, 12558 titles, 6177 references and 25 other journals, reprography and separate reading room with Magazines and News Papers.

### **Student Support and Progression :**

About 40-60% of students of our college move from UG to PG. Remaining students become entrepreneurs or get gainful employment in private and public sectors. To help students to get soft skills and employable qualities, our college conducts personality development program organized by Career guidance and placement cell. Facilitating measures like Grievance Redressal Cell, Proctor System, financial assistance from Alumni, student welfare fund take care of the welfare measures. Debate competition, essay competition, student seminars, Abhivyakthi- college fest, Rasaganga-college magazine, interactive sessions with guest faculty, event managements, NCC and NSS activities will help in holistic personality development of students. Achievers in academic area and sports are felicitated and cash awards are given which promotes student progression

### **Governance, Leadership and Management :**

The College has well defined institutional Vision, Mission and Perspective plan. Karnataka Rathna His Holiness Dr.Sree, Sree Shivakumara Swamiji, the Revered Founder President of our institution is a guiding force to achieve the goals. The governing council, IQAC, Staff council and various committees like Admission committee, Finance and planning committee, Library and information committee, cultural committee, sports committee, Test and Examination committee, Infrastructure committee, NSS and NCC advisory Committee, Career Guidance and Placement Cell, coordinate with the academic and administrative planning and the effective implementation. They assess adequate staff requirements and recruit them.

Budgeting, mobilization of resources is done at governing council meeting, planning and finance committee and implemented. Budgetary allocation is done effectively to provide quality education and follow the concept of inclusiveness.

### **Institutional Values and Best Practices :**

Quality enhancement is possible only when the Institution adapts itself to emerging trends in Higher education and to its ecosystem. Best Practices are introduced as a response to eco-friendly initiatives such as Green Campus- Clean Campus, Energy Conservation, Rain Water Harvesting unit, and Use of LED bulbs, Waste Management, Health and Hygiene etc. Students are made aware of the ways of conserving energy by inculcating in them environmental ethics like switching off fans, lights and other electric appliances after use. Students are encouraged to make use of the public transport facility. Effort is made to make the campus plastic free. E-waste management is carried out by a company called E-Parisara. The campus is a totally de-plasticized zone. The NSS and NCC volunteers make it a point to pick and dispose every bit of waste from the campus. Swachh Bharat Abhiyaan and International Yoga Day are incorporated in the innovative practices.

## QIF

### 1. CURRICULAR ASPECTS

#### 1.1 Curricular Planning and Implementation

##### 1.1.1 The institution ensures effective curriculum delivery through a well planned and documented process

#### Answer:

Sree Siddaganga College of Arts, Science and Commerce has implemented an effective Curricula as per the changing educational scenario. The College calendar is updated in accordance with the University academic calendar. A committee has been constituted for the purpose. At the commencement of the academic year, the Principal in consultation with the Heads of the various Departments prepares a Year Planner that comprises all the activities of the College. Annual academic plan is the starting point as far as the curriculum delivery is concerned. The various curricular and co-curricular activities for the year are scheduled in this plan. The College Council, Staff Association and the faculty of each Department meet periodically to ensure effective implementation of the action plan and to incorporate changes that may occur periodically. Each faculty member prepares a teaching plan too.

In the year 2016-17, the Tumakuru University introduced the Choice Based Credit Semester System for all UG and PG courses. There was extensive revamping of the syllabi and the process of assessment. Many of the faculty members were involved in designing and structuring of the curricula. Even though the curriculum is designed by the University, the College takes utmost care in delivering the curriculum in the most effective and systematic manner.

The Time table Committee prepares the general Time Table for the entire College, based on which the Departments prepare Time Table for individual teachers. The Heads of the various Departments prepare a work schedule that lists the various academic and extra academic activities of the Department and the names of the faculty in charge. Departmental staff meetings discuss the portions to be covered before each internal examination. The Management ensures uninterrupted execution of the teaching learning process and provides all support that includes infrastructure and professional upgrading and filling of staff vacancies in time for effective transaction of curriculum. The beginning of the academic year starts with **Punaschethana –an in house orientation programme** for faculties and also to the freshers.

The University stipulations regarding assessment of course are meticulously implemented and the result is conveyed to the parents. The faculty members and students are encouraged to interact with their counterparts outside the campus to exchange ideas on the curriculum. They are also encouraged to attend programmes organized by other Institutions. The College usually gets 180 teaching days per year against the University specified days

**1.3 Curriculum Enrichment**

**1.3.1 Institution integrates cross- cutting issues relevant to Gender, Environment and Sustainability, Human Values and Professional Ethics into the Curriculum**

Answer:

At present the nation as a whole is confronted with various social issues like gender discrimination, women abuse, environmental issues, human rights violation etc. The College is keen on making sure that various contemporary issues/ topics are integrated into the curriculum so that students become responsible citizens and contribute to nation building. Various extension and out-reach programmes of the College help in sensitizing the students to the social reality. Awareness on important issues is created through celebrations of various commemorative days, seminars, conferences etc. The activities of various bodies like NSS, NCC, Red Cross Society, Women Empowerment Cell, and College Disciplinary Cell etc are in tune in achieving these objectives.

**Gender Sensitization:** As our college being a Co- Education one, gender issues are accorded prime importance. The Women Empowerment Cell organizes gender sensitization programmes, Self defence classes, awareness classes, workshops and training programmes to promote self esteem in young girls.

Besides the activities of the Cell, the College also responds to social issues related to women. Talks by eminent personalities like **Smt. Isha Panth IPS**, Superintendent of Police, Tumakuru and the involvement of many Women activists

provided opportunities for students to have an interface with activists and listen to their talks.

**Climate Change:** Programmes are conducted by various Departments and Units to create awareness of climate change. Ozone Day was Celebrated by The Forum of Life Sciences in collaboration with Karnataka State Pollution Control Board, Tumakuru to make students aware of ozone depletion.

**Environment Awareness:** The College makes all attempts to maintain a green campus by planting trees, landscaping, floral garden to keep the campus as Plastic free zone. Students are also required to clean their own class rooms, switch off electric gadgets, and minimize the use of paper. Waste bins are provided extensively to prevent littering. There is an Eco Club, Forum of Life Sciences and Swachh Bharath Abhiyan to cater all issues related to environment and nature.

The Tumakuru University has included a module on environment issues in the Common Course of the UG programme and it is mandatory subject. The Department of Botany has set up a botanical garden in the campus and all the faculty and students of Forum of Life Sciences are involved in planting trees in Tumakuru City Roads with the financial assistance from SBI, Tumakuru Main Branch.

Besides these day to day instructions are given to students that help to mould the habit and culture of neatness, environmental awareness and energy conservation among students.

**Human Rights:** An awareness rally on Farmers Suicide has been conducted by the Department of Psychology and Red Cross society in the wake of Farmers Suicide in the state. Seminar on Human Rights, ragging etc. organized by the Women Empowerment Cell of our college.

An Anti Ragging Cell and College Disciplinary Cell are effectively functioning in the College in this direction.

**Challenge - 1: Writing**

Dear Student,

Knowing a subject in itself is laudable. But unfortunately it is not enough. One also needs the skill to express one's ideas. And it's better if the write up has a shape, with a beginning, a middle and an end.

In the beginning comes the "Introduction", like the first scene of the first act of a Shakespearean play; it lays the foundation of the argument.

Next comes the body of the write up. This contains the argument and explanation, illustrations, anecdotes and statistics to bolster that argument.

Finally comes the conclusion where the writer has the elbow room to express his/ her individual take on the topic.

This skill is required not only during the campus interviews but also after you land a job. Let us see how good your writing skills are.

Dear Student,

You want to land a job, right?

Right.

The first hurdle you need to clear, whether you are appearing for a Bank Clerk's exam, or IAS, profiles, is the written test.

Over the years the content of the questions that are asked has changed. It is not your memory that is being tested anymore. But your capacity to think logically, to reason, to analyse, both qualitatively and quantitatively.

Here is a sample of questions for you.

You can solve them.

Try.

Your friend is learning.

Awareness is the key to nation. History proves this. It is awareness that led to European Renaissance during 16<sup>th</sup> century. It is awareness that led to Indian Renaissance during the latter part of 19<sup>th</sup> century.

This is true in individual's case also. The careers of people from Aristotle to America has attest this fact. For instance, Jordan Peterson's book "Using the Mind" is a brilliant knowledge takes you through many. We, lesser individuals also need GK to do well in life.

**PUNASCHETHANA (IN HOUSE ORIENTATION PROGRAMME)**

## 2.2 Catering to Student Diversity

### 2.2.1 The institution assesses the learning levels of the students, after admission and organises special programs for advanced learners and slow learners

Answer:

On the day of admission a personal interview with the students and parents is conducted and information is collected about their family and personal details. The students are also required to furnish a detailed resume to the proctor. A primary identification as advanced and slow learners is made from the academic record provided by the students. An orientation programme is conducted for the newly admitted students. The college conducts **induction test** to determine the knowledge level. Based on the grade, students are categorized into above average, average and below average. This list is constantly revised based on subsequent internal and external examinations.

**Remedial teaching** is given to slow learners. The Departments arrange these classes after the college hours or on holidays. The attendance, mark lists and progress of students are recorded every year. Teachers give lecture notes, references, bibliography and other supplements for the benefit of slow learners.

Student centred methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences. The University provides an academic calendar to the Institution at the beginning of every academic year. The Principal instructs the Calendar Committee of the College to prepare the College calendar and revised handbook. The Principal in consultation with all the HOD's prepares the annual work distribution chart. The College integrates the learner centred method of education. Some methods are practiced right from the beginning. In the short absence of the teacher, students are entrusted the task of teaching a small portion that has already been discussed. There are various methods that are adapted to encourage interactive and collaborative learning. They are advanced learners teaching slow learners, peer teaching, group discussions, group projects, group assignments, quiz, open book tests, library hours, group referencing, interdepartmental competitions, association activities, study tours, seminars, symposiums, discussion, debates, and so on. Independent learning is encouraged through oral questioning, class tests, library referencing, assignments, paper presentations, competitions etc. The tutorial and mentoring sessions address the individual student's needs. The teacher has complete autonomy in her/his class. Teachers are free to choose from various teaching methods.

The IQAC of the College conducts a survey on the Best Practices in teaching and learning used by teachers. Most teachers are aware of the various methods of teaching-learning and often integrate these in their daily professional life. However, time constraints and tedious syllabus imposes restraints on them. The Institutional support is appreciated by teachers.

The library is well equipped and well managed. The infrastructure is constantly upgraded to meet the growing academic needs. ICT is increasingly incorporated into the teaching learning exercise. Teachers are encouraged to take part in workshops, training programmes and seminars that are intended to improve their professional skills. The peaceful and calm ambience in the campus is ideal for the teaching learning exercise, with absolutely no unrest, political or otherwise. The IQAC also organizes professional development programmes in the College. One such programme is **Punaschethana**.

## **2.3 Teaching- learning Process**

### **2.3.1 Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences**

Answer:

The University provides an academic calendar to the Institution at the beginning of every academic year. It includes the number of working days, holidays, schedule of semester examination, and so on. The Principal instructs the Calendar Committee of the College to prepare the College Calendar of events and revised handbook. The Principal in consultation with all HOD's prepares the annual work distribution chart in which principal lists out the various Committees, Cells and other Units and the staff in charge for these for the academic year. The time table committee prepares a general timetable for the entire College and assigns periods for core, common, compulsory courses, value education and tutorial and association activities along with the room numbers. The main agenda for the first Council meeting, Staff Council Meeting, Departmental Staff meeting, IQAC and others is the action plan for the year. At the Departmental level, the Head of the Department in consultation with the faculty chalks out a schedule of activities and deputed staff in charge for the entire academic year. The meeting also plans out the portions to be completed before each internal examination. Subsequent meetings evaluate the work done.

Sree Siddaganga College has been integrating the learner centred method of education, both at the UG and PG level. Some of the methods practiced right from the beginning are not well documented. For example when the teacher is absent for a small period of time, the student with leadership quality will take over. He will deal with the topic already introduced by the teacher. There are various methods that are adapted to encourage interactive and collaborative learning. Some of which are advanced learners teaching slow learners, peer teaching, group discussions, group projects, group assignments, quizzing, open book tests, library hours, group referencing, interdepartmental competitions, association activities, study tours, seminars, symposiums, discussion, debates, and so forth.

Independent learning is encouraged through oral questioning, class tests, library referencing, individual assignments, paper presentations, competitions etc. The tutorial and mentoring sessions address the individual student's need.

The College has sufficient infrastructure to make the learning experience effective. The Science laboratories, the Computer Science laboratories and the English language laboratory are well equipped with modern teaching aids. The college is also well equipped with seminar halls, auditorium, and smart classrooms. The library is also equipped with INFLIBNET, e journals; etc.

Internet facility is available with free access to the staff and minimal maintenance fees for students.

Recent books and journals are available for reference in the library and also in the Departments.

### Challenge – 2:- Grammar

Dear Student,

As you know, grammar is losing its importance day by day. Rightly so. At last, we Indians have realized that, while speaking, usage is more important than grammatical exactitude.

But still, minimum grammar is a must. Especially for those of you who may choose teaching as a profession. So, how good is your grammar?

Want a reality check?

Answer all the questions. Each question carries one mark.

#### I Match the following:-

1. Raghu is an	a) silk sari
2. Sharada is in a	b) tennis
3. That Pop-star is playing the	c) a kilo
4. Bopanna Plays	d) honest man

3. The do cinema to want not weto night to go.
4. If miss I very workshop be this will you angry
5. Though cost school provided education not sending even are free is children entirely of to free.

### Challenge-3 : Current affairs

Dear Student,

Whether you are facing an interview, participating in Group Discussion (GD) or answering a written test, during selection process, one of the things you will be tested on is your grip on current affairs.

Awareness of current affairs is not to be confused with General Knowledge (GK).

For Ex:

- A) Name the year of First war of Independence, will appear on General Knowledge paper (The kind of questions that were appearing on AmithabhBachchan's TV Show "KaunBanegaCarodpati")
- B) A question like name the current president of Syria ? will appear on current affairs paper .

You can answer this only if you are touch with news paper, magazines and TV news.

Here is a sample question paper to make you scratch your head.

Happy scratching

25. In a row of 21 girls, when Monika was shifted by four places towards the right, she became 12th from the left. What was her earlier position from the right end of the row?

Knowing a subject in itself is laudable. But unfortunately it is not enough. One also needs the skill to express one's ideas. And it's better if the write up has a shape, with a beginning, a middle and an end.

In the beginning comes the "Introduction", like the first scene of the first act of a Shakespearean play; it lays the foundation of the argument.

Next comes the body of the write up. This contains the argument and explanation, illustrations, anecdotes and statistics to bolster that argument.

Finally comes the conclusion where the writer has the elbow room to express her/his individual take on the topic.

This skill is required not only during the campus interviews but also after you land a job.

Let us see how good your writing skills are.

### **Topics for writing**

- Foreign Direct Investment in Retail Sector
- Make in India
- Swatch Bharat
- Demonetization
- Recent Economic Revolution in China

Speaking is another skill you need to get hold of, if you want to do well in today's competitive world.

Of course it goes without saying that one has to have knowledge to speak about something, to speak about anything. And is equally important to have the ability to vocalize what we know in an orderly fashion.

The things one needs are courage to face an audience, rich vocabulary and the right body language.

You have five minutes at your disposal. Use the first minute to introduce the topic, next three minutes to develop it and the final minute to sum up your say.

Do not forget to greet audience, at the beginning of your talk and to thank them at the end.

Don't be afraid of stage fear. Everybody has it. Even experienced public speakers like Bernard Shaw and Bertrand Russell had performance anxiety.

Trying is all.

All the best.

Do your best.

### Topics for speaking

- Women entrepreneurs
- Declining values in today's world
- Alternatives sources of energy – the need of the hour
- Infrastructure – Road, Railways and Airways
- Modi's performance

### **2.3.4 Innovation and creativity in teaching-learning**

Answer:

The last five years witnessed an enormous increase in the use of technology in the teaching learning process. This was facilitated by the provision of more computers, projectors, smart boards and easy internet accessibility. The emphasis on student centeredness has been the catchphrase in the campus for a long time now. All attempts are made to ensure that the learner becomes the centre of the teaching learning exercise. This is made possible through various methods like seminars, assignments, peer teaching, advanced learner teaching, special remedial classes for slow learners, student as teacher, group work, and so on. We have updated the library both in resources and operational technology. The teacher's role as facilitator has been augmented. The internet has also become a powerful teaching tool and for reference. Teachers now use more films, videos, and other audio visual supplements as teaching aid.

## 2.5 Evaluation Process and Reforms

### 2.5.1 Reforms in Continuous Internal Evaluation(CIE) system at the institutional level

Answer:

The University notification about the examinations is provided at the beginning of the academic year in the University calendar that is sent to all its affiliated Institutions. The University also publishes information in all the leading newspapers. The College prepares an academic calendar at the beginning of the academic year in consultation with the University calendar. This is provided to all the staff and students. The information is disseminated and discussed at the College Council, general staff meeting and the Departmental staff meetings. Students are informed personally through the tutorial and collectively through the College Website, Notice Board and public announcement system. The parents are kept informed through the periodical Parent Teacher Meetings.

During the Semester system that prevailed in the first three years of the post accreditation phase, the assessment was in marks: 10 marks for internal and 90 marks for theory and 30 marks for Practical subjects. There is only one University examination in a semester and one Internal Examination. The University also awards ranks, distinctions, and first/second/third classes according to the percentage of marks scored.

A complete reformation in the evaluation process was initiated in the year 2015-16. The Tumakuru University is semesterized with **Choice Based Credit System**. This was a major milestone in the post accreditation period. As part of this, the entire curriculum was restructured and the prevailing assessment system was replaced with the Grading System in external and internal examinations.

The evaluation scheme for each course comprises two parts: Internal Evaluation and External Evaluation. Internal evaluation is based on a pre determined transparent system involving periodic written tests, assignments, seminars and attendance in respective theory courses. It is also based on lab skill maintenance of record, viva voce and attendance in practical course. 90 marks weightage is assigned for the theory examinations. The remaining 10 is for the internals and 50 for Practical Exams. The internal and external components of the course are separately graded and then combined to get the cumulative grade. The Institution has not initiated any evaluation reforms as the University system by itself is comprehensive. However, abiding by its vision, the Institution insists on the total transformation and development of the person. Academic excellence is ascertained

not only through the internal examinations, but also through various other methods of assessment that the individual teacher makes use of to measure the academic calibre of his /her students. Multitasking is encouraged by making the students understand that extension, co curricular and extracurricular activities are as important as academic achievements.

### **2.5.2 Mechanism of internal assessment is transparent and robust in terms of frequency and variety**

Answer:

A complete reformation in the evaluation process was initiated in the year 2015-16. The Tumakuru University semesterised its programs and introduced Choice Based Credit System. This was a major milestone in the post accreditation period. As part of this, the entire curriculum was restructured and the prevailing assessment system was replaced with the Grading System in external and internal examinations.

**Evaluation and Grading:** The evaluation scheme for each course comprises two parts: Internal Evaluation and External Evaluation

Internal evaluation is based on a pre determined transparent system involving periodic written tests, assignments, seminars, attendance in theory classes, written test, lab skill, maintenance of record and viva-voce in practical course. 90 marks weightage is assigned for the external and the remaining 10 marks is for the internal evaluation.

**Institutional Evaluation Reforms:** The Institution has not initiated any evaluation reforms as the University system by itself is comprehensive. However, abiding by its vision, the Institution insists on the total transformation and development of the person. Academic excellence is ascertained not only through the internal examinations, but also through various other methods of assessment that the individual teacher makes use of to measure the academic caliber of his /her students. Multi tasking is encouraged by making the students understand that extension, co curricular and extracurricular activities are as important as academic achievements.

**Effective Implementation of Evaluation Reforms:** The University has stipulated two internal examinations for all programmes, the dates for which are notified by

the University to the College. The internal examinations include two tests, seminars, assignments, and attendance. The College Staff Council discusses the date, duration and conduct of the internal tests, and also the date for the announcement of results. The result is conveyed to the parents through the marks cards. Both internal and external result records are maintained by the Departments for all the courses in the programme. The internal weightage is calculated according to the University direction and is sent to the University online. The consolidated marks are displayed on the student notice board before being submitted to the University. There is no conferring of ranks but students can obtain position certificate on request.

Almost all the faculty are involved in the reformation process of the University, and have taken active part in the workshops, seminars and discussions both at the University and the Institutional level. All the faculty members are involved in the external evaluation like the supervision of examinations, valuation of answer scripts, work as external examiners for practical, Viva-Voce and so on.

#### **Formative and Summative Evaluation Approaches:**

**Formative evaluation:** Two internal examinations, seminars, and assignments provide continuous and consistent measurement of student progress. Weightage for 10 marks in all the streams are conveyed to the University as internal evaluation.

**Summative evaluation:** This is strictly according to the University stipulation. The time schedule is fixed by the University and the valuation is also done at the University level.

#### **2.5.3 Mechanism to deal with examination related grievances is transparent, time-bound and efficient**

Answer:

The Examination in the college is according to university time table as announced by the Tumakuru University. But internal test is conducted by the college according to year planner prepared by our college. In each semester, term test is conducted like University main examination. The valued papers are given back to students and the students are advised according to their marks scored. Grievances are solved on first priority. Grievances regarding the test are solved in the departments and grievances of University are dealt by the Examination wing

and guided by teachers and principal. The student's grievances are solved in very transparent method. If the grievances of students are not solved by the university people in time it is looked into seriously by the college by the examination branch see to it the grievances should be solved with in the stipulated time.

#### **2.5.4 The institution adheres to the academic calendar for the conduct of CIE**

Answer:

The University notification about the external examinations is provided at the beginning of the academic year in the University calendar which is sent to all its affiliated Institutions. The University also publishes information in all the leading newspapers. The College prepares an academic calendar at the beginning of the academic year in consultation with the University calendar, and this is provided to all staff and students. The information is disseminated and discussed at the College Council, general staff meeting and the Departmental staff meetings. Students are informed personally through the tutorial and collectively through the College Website, Notice Board and public announcement system. The parents are kept informed through the periodical Parent Teacher Meetings.

## **2.6 Student Performance and Learning Outcomes**

### **2.6.1 Program outcomes, program specific outcomes and course outcomes for all programs offered by the Institution are stated and displayed on website and communicated to teachers and students**

Answer:

The College has a clear Vision and Mission, and an Educational Policy that defines the goals and objectives. The University specifies the learning outcome for each course in all the programmes. The Departments have clearly stated learning outcomes for each programme that ultimately support the Institutional Vision and Mission. The new teachers, soon after their appointment, have a personal interface with the Principal. They are briefed about what the College expects of a teacher, his/her duties to the Institution, society and nation, and also the Institutional Vision

and Mission. They are also provided an orientation by a retired faculty of the College immediately after they join duty. The newly admitted students are provided an Orientation Programme. Students are provided with all necessary information regarding the various courses. They are provided the time schedule, syllabus, and other information regarding benefits in future. The parent teacher meeting is also a platform for discussing the learning outcome and the behaviour of students in the campus. The performance of the students in academic, curricular and extracurricular activities is closely monitored and evaluated. The necessary remedial or motivational measures are taken.

### **Structuring of Teaching, Learning and Assessment to Facilitate Learning**

The entire teaching learning activity is meticulously structured and distributed evenly across the semester. The Timetable Committee provides a clearly defined framework. The Departments constitute their individual timetable based on the general time structure.

The Head of the Department distributes work to each faculty and ensures that the entire syllabus is apportioned equally and evenly according to the expertise and ability of the faculty concerned. The action plan of the Department includes not only the activities, but also the portions to be covered before each internal examination, revision, dates for the submission of assignments, seminars, submission of internal marks and so on. The University examination results are analyzed and compared with the Institutional results for better achievements.

The University results of each programme are analyzed and benchmarks are fixed for further improvement. The Departments that achieve excellent results are formally acknowledged at the staff meeting and council meeting. The student achievers are lauded at the College Day and at the Alumni day. The learning outcome is also assessed through student progression. Yet another way of assessing learning outcome is through the Alumni Association. The illustrious Alumni are acknowledged each year. Their progress and well being are closely monitored by the Departments. The Association has also instituted awards for former students who are international achievers, won national recognition and those who have contributed to the activities of the Alumni Association. The Alumni include academicians, legal experts, government officials, writers, film personalities, sports stars, etc.

### **2.6.2 Attainment of program outcomes, program specific outcomes and course outcomes are evaluated by the institution**

Answer:

The College has a Governing Council and Teaching Learning and Evaluation Committee. The IQAC places the University result analysis of the College before the Governing Council for necessary action. The Committee comprises the Secretary, Principal, HODs and Senior Non teaching staff. This Committee monitors the learning outcome at the Management level and consolidates strategies for improvement. The moment the University results are announced, the Principal acknowledges the effort of the Department concerned by displaying the achievement on the staff and student notice boards. The staff meeting, Council meeting and Departmental meetings analyze the results. The strategies suggested by the Committee are incorporated in the teaching learning and evaluation methods. The curriculum committee also reviews the University syllabi. The recommendations of the committee are sent to the University Board of Studies. Suggestions regarding employability issues for enhancement and enrichment of students are also considered.

In addition to the knowledge, skill, proficiency and in-depth grasp attained through the core programme, a student is moulded through various value education and extension programmes. He will be in possession of the graduate attributes specified. The student also attains intellectual and emotional maturity. He will learn service to the society and nation, professional excellence, spiritual orientation that not only insists on faith in God but also respect for all religions with a secular outlook. He will also learn communication skills, life skills, exemplary character that reflects the Institutional motto. He will get acquainted with technology, environment awareness and protection and gender sensitivity.

**Analysis: Consistently excellent performance of students throughout the period (ranks and University toppers).**

- A good and steady pass percentage from 2010 onwards, fluctuation in the range of 10% -20% is observed.
- Fluctuation may be attributed to the following reasons:

- Transition to semesterization from Annual Schemes and then to CBCS : created apprehensions both in staff and students
- Both syllabus and system of assessment underwent sweeping changes in the period Prescribed books in syllabi are at times not available in time
- A general trend of students opting for professional courses
- Girl Students getting married in mid programme,
- Drop out percentage is negligible
- Guest faculty being young and inexperienced need to be trained and oriented
- Sustenance of academic excellence may be attributed to several reasons, some of which are listed below:
- Legacy of a work culture that does not compromise on quality and sincerity  
Faculty constantly recharged
- Inculcation of research culture both in staff and students
- Good students opt for Siddaganga College due to its good reputation.
- Infrastructure that is adequate for academic requirements
- No loss of teaching hours due to political unrest Excellent library and other learning resources/facilities

## **3.2 Innovation Ecosystem**

### **3.2.1 Institution has created an ecosystem for innovations including incubation centre and other initiatives for creation and transfer of knowledge**

Answer:

Our institution has created an ecosystem for creation and transfer of knowledge through the activities of research and consultancy committee. It effectively works with the following aims and objectives.

#### **AIM :**

To promote quality research. To develop research facilities based on infrastructure and expertise. To identify different departments as research centres. To promote Major and Minor Research Projects of UGC and identify other funding agencies like KSCST, DST etc. To provide consultancy services. To promote

participation of students to inculcate research skill and involve in extension activities.

#### **OBJECTIVES OF THE COMMITTEE:**

- To motivate faculty to register for M.Phil, Ph.D and D.Litt.
- To motivate Ph.D. holders to involve in active research and guide research scholars.
- To help faculty in publishing Articles, Books and Research papers.
- To conduct National and State Level Seminars and Conferences.
- To display the published Theses, Papers, and Articles of M.Phil and Ph.D scholars in library to motivate students and young faculty.
- To conduct Research Committee meetings regularly to monitor the quality and progress of Research activities.
- To encourage teachers to participate in Seminars and Conferences conducted by other institutions.
- To take up Major or Minor Research Projects from funding agencies like UGC, DST, VGST etc.
- To conduct Continuous Education Programme for teachers.
- To promote extension activities of NCC and NSS

#### **Our institution has Memoranda of Understanding ( MOUs) with**

- AZYME Bio- Sciences Pvt. Ltd. Bangalore.
- World Alumni Network Pvt. Ltd. (WAN) Bangalore.
- Sree Siddaganga College of Pharmacy Tumakuru.
- Sree Siddaganga Institute of Technology Tumakuru.
- Aargees Business Solutions, Bangalore.
- Whilo India Ltd., Bangalore.Etc.

**Our effort is reflected in:**

- Number of Research Papers and Books Published
- Number of Papers Presented in National/International Conferences.
- Number of Major and Minor Research Projects
- Number of Extension activities of NCC and NSS
- Number of NET/ SLET/KSET holders.
- The number of PhD holders among the Staff.
- The Number of M. Phil holders among the Staff

**Our staff presented papers in abroad universities:**

1. Prof. Nijalingappa Dept. of Chemistry presented a paper on “Facile Synthesis of  $\text{SiO}_2$  @  $\text{Ba}_2\text{SiO}_4$  :  $\text{Sr}^{2+}$  Core shell N.Ps Structural and Morphological Properties” in the International Conference on advance Science and Engineering (ICASE-2017) Chulalongkorn University, Bangkok, Thailand.
2. Prof. Revanasiddappa G. R. Dept. of Physics presented a paper on “Combustion Synthesis of  $\text{MgSiO}_3\text{:Eu}^{3+}$ +nanophosphors, Detection of Eurine latent fingerprints and anti-counterfeiting applications” in the International Conference on Advances in Science and Engineering (ICASE-2017) Chulalongkorn University, Bangkok, Thailand.
3. Prof. Vasantha Kumar presented a paper on “Diversity of Algae form Different Wetlands of Gubbi Taluk, Tumakuru Dist., in Chiangmai, Thailand. (2017).
4. Ms. Khalida Khanum. A. qualified in UGC NET in 2016 and 2017 and was awarded JRF.
5. Maj. Arokia Swamy was awarded “Chief Minister Commendation Card” in 2017 in NCC.

### 3.4 Extension Activities

#### 3.4.1 Extension activities in the neighbourhood community in terms of impact and sensitising students to social issues and holistic development during the last five years

Answer:

Education for social progress is the very essence of Institutional vision. There are several extension programmes initiated by the students, faculty, Departments, Institution, Cells and Units like the NSS, NCC, Red Cross and Alumni.

**Women Empowerment Cell:** The Cell has rendered immense contribution to the students and the local community, like awareness programmes, guidance and counseling, and training and welfare programmes for women. Its objective is to promote awareness and active response among women to bring out their full potential as resources for their own development and that of the nation. women empowerment, women and law, violence and atrocities against women, entrepreneurial skill development for women, personality leadership and capacity building and training programmes; seminars on cybercrime, debates and interactive sessions on contemporary gender issues, and celebration of International Women's Day.

**National Service Scheme (NSS):** The Institution has a vibrant National Service Scheme with 4 NSS Units with more than 200 volunteers. The aim of these units is to inculcate among students a feeling of sacrifice, a spirit of service and a sense of togetherness. The NSS unit of the Institution has achieved great laurels for their performance.

**National Cadet Corps (NCC):** Our College has two companies viz. 3/4 and 4/4 coy. The strength of our Companies are 108 and 80 respectively. Our 4/4 coy has been renamed as 7/4 coy. This change has been done at battalion for clarity purpose as new NCC units with new strength was raised.

Capt P.Arockia Swamy was promoted to Major rank on 20th July, 2016. This year Maj P.Arockia Swamy was meticulous in training Tal Sainik Camp [both boys and girls] for Group "A" Bangalore. His training resulted in bagging 1st place in Inter Group Competition held at Belgaum for girl cadets and boys stood over all

3rd place. A record 9 TSC cadets got selected from Tumkur, out which 6 were from our college including both the companies. For his meritorious service and achievements, the Karnataka State Conferred Maj P.Arockia Swamy with "CHIEF MINISTER COMMENDATION CARD" 2017, a rare achievement by any NCC officer in the entire state.

Cadet Taanvi Nanjaamanni N S bagged 2 individual Gold Medal at TSC Competition held at Garrison Parade Ground New Delhi 2016-17. Cadet Senior Under Officer Om Prakash Thapa of 7/4 coy was the only cadet who got selected to represent the prestigious Republic Day Camp 2017. Sgt Ramyashree D G represented TSC and bagged one Gold Medal in firing. Sgt Lakshmesha K S participated in South Zone Shooting Competition. Sgt Kavya C K, Sgt G D Harshitha, Cpl Shilpa N R, Cdt Taanvi Nanjaamanni N S represented Kar and Goa Dte In The NCC National Games. CSUO Shab Ain Fathima attended The National Shooting Team at New Delhi and Mumbai this year.

**RED CROSS:** The College Red Cross is a voluntary humanitarian wing provides relief in time of disasters / emergencies and promotes health and care of the vulnerable people and communities. It was established in the year 2012-13, with 546 volunteers.

This MOU, dated 08th December 2016, establishes a mutual working relationship between the two parties (and their respective heirs, executors, administrators and assignees) as broadly outlined below:

**Party-1's Role:**

1. Party-1 is creating a state-of-the-art online platform as worldalumninetwork.com (with related domains) for all the alumni, students, staff, faculty and related individuals at global level to find, connect, communicate, collaborate and coordinate in an integrated and seamless online environment for academic, placements, business, professional, personal and other uses.
2. Registration at this Online Platform by any individual is purely voluntary and it is between Party-1 and the individual members.
3. Party-1 is making all the necessary investment on its own for developing the Online Platform.
4. Party-1 will provide one Premium Membership as a respect to the head of the Party-2 at no cost to Party-2.
5. Party-1 on its Online Platform will provide a link to Party-2's primary website.

**Party-2's Role:**

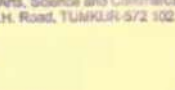

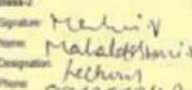

1. There is no financial obligation on the part of Party-2.
2. Party-2 will designate a person to oversee the information provided by the members in the Online Platform.
3. Since any duplication of information at multiple places can make it difficult or cause confusion in finding the right information by the members, Party-2 will not engage in any duplication of the information provided at the Online Platform by Party-1, or it will not promote or use any such duplicated information.
4. Party-2 on its primary website will provide a link to Party-1's Online Platform.

This MOU may be amended at any time with the mutual consent of both the parties.

#### **4.1.2 The institution has adequate facilities for sports, games (indoor, outdoor) gymnasium, yoga centre etc. and cultural activities**

Answer:

##### **Sports Facilities:**

The Institution is much acclaimed for the achievements made in sports and games and great effort is made to provide state of the art facility. Students are admitted in the sports quota according to their performance in the respective fields. The College provides them rigorous training in the outdoor-indoor courts and stadiums. The college has indoor game facility, a handball court, a basketball court and other items of weight training equipment. The fitness centre containing modern fitness equipment like the treadmill, multi gym is also made accessible to the staff, students and Alumni. The Institution ensures the participation of students in intra and inter-Institutional sports competitions and cultural activities.

The College recognizes that one of the leading factors for rise in life style diseases is the lack of physical activity. Encouragement is given to the non-sports students to participate in sports in a recreational way. Space for recreation is made available in the campus and they may play indoor games like carrom, chess, table tennis, etc. The Annual Sports Day is conducted both for students and staff. Our Physical Education Department has MOU with Mahatma Gandhi Stadium and SIT College for using indoor, outdoor and other facilities.

**Auditorium:** The auditorium is situated in the first floor of the main building. It has a seating capacity of 250 and is used effectively for academic and extra-curricular activities and for the practice and performance of various art forms. The auditorium is equipped with a spacious stage, well designed for both conventional and modern techniques. The space can be configured for a variety of uses since it is provided with lighting and acoustic requirements and digital audio visual technology. The auditorium facility is also given to public on holidays and Sundays.

**Cultural Activities:** Various activities are undertaken by the Institution to develop and encourage the creative talents of the students, like Fine Arts festival, important Day Celebrations, College Day, Social, Send-off, festival celebrations - Ugadi, Holi, Club activities, literary competitions, inter Department competitions,

extension activities, and so forth. The auditorium, seminar halls, and free class rooms are used for these activities. The committee in charge plans and organizes the events in the space assigned. College organizes a 3 day cultural competitions fest ABHIVYAKTHI every year. It provides a great platform for students to exhibit their cultural talents. During 2016-17 twenty one events were conducted and about one thousand twenty students participated.

**Yoga:** The Institution recognizes the importance of the ancient art of Yoga for the holistic –physical and mental development of the individual. Yoga classes function under the auspices of the Physical Education Department. A Yoga class is also held for staff. The service of Yoga instructors, spacious hall, and yoga mats are made available for practical sessions. Every year college celebrates Yoga Day on 21st June.

#### **4.3 IT Infrastructure**

##### **4.3.1 Institution frequently updates its IT facilities including Wi-Fi**

Answer:

### Computer and Internet Facility:

Internet and computer facility is available to the faculty during College hours. All Departments have internet facility. Besides this students and teachers can access internet in the library. The IT up gradation of the College is done at the administration level and in teaching-learning process. Internet connection is made available to all Departments, Units and Cells in the College. There is a direct BSNL high speed internet connection. Admission, daily attendance assessment, and all other matters related to administration are executed with the help of technology. The library, as a learning resource, makes maximum use of technology from e-sources. It has been completely computerized with INFLIBNET facility. In order to meet the challenges of the future requirements of the syllabus and introduction of new CBCS, the IT infrastructure is upgraded.

Answer:

different categories like electrician, attender, sweeper, watchman, mason, gardener, carpenter, plumber etc. The Management is paying salary for them. The Local Management Committee and the Education Committee looks into the need appraisal and fund allocation for maintenance. The maintenance of computers is undertaken by the agency that provided the systems, and the facility of Annual Maintenance Contract has been utilized. The post accreditation period has also witnessed major renovation work of the Botany, Chemistry, Physics, Mathematics and Zoology Labs. One aspect that needs mention in this regard is the inculcation of culture in students to take care of the College property as their own. They are trained to switch off all electric gadgets after use; clean their own class rooms, help in arranging the library books, and also take active part in the Swachh Bharath Abhiyan. The Institution has made permanent arrangement with service providers to regularly service, calibrate and repair the various items of equipment in the labs. Irreparable equipment is replaced. Uninterrupted water supply is ensured for all needs of college. There is almost uninterrupted supply of power. To avoid damage to instruments due to voltage fluctuations, stabilizers and UPS are used. Care has been taken to earth connect all equipment to prevent a shock hazard. The availability of an electrician and plumber in the campus also ensures that all items of equipments are functioning properly, and in case a problem arises it can be attended to promptly. The available infrastructure is optimally used. Additions are made whenever the need arises. Recreational facilities such as Indoor sports facilities, Reading rooms and outdoor courts are maintained by the Physical Education Director and his assistants.

## 5.4 Alumni Engagement

### 5.4.1 The Alumni Association/Chapters (registered and functional) contributes significantly to the development of the institution through financial and non financial means during the last five years

Answer:

**Alumni Association:** The College has a vibrant Alumni Association that started functioning right from the passing out of the first batch of students. The composition and activities of the Association are clearly defined in the bylaws. The Executive Committee includes President, Secretary, Treasurer, members and student representatives. All outgoing students are the members of Association. The Association offers Ordinary, Life, Associate and Patron memberships for the outgoing students and the faculty of the College. An Annual Reunion organized each year on 25<sup>th</sup> December. On the same day, the new members are welcomed in an investiture ceremony by the President. Batches that passed out from the Institution years ago are felicitated at the Annual Reunion Day. The formal meeting is followed by an informal interaction and cultural programme by the Alumni and their family members. Besides the Annual Reunion Day, there are also regular

Committee meetings. All departments individually meet their Alumni every year. During the post accreditation period, the Association has instituted special awards for honouring the Retired Staff Members and students with meritorious achievements.

**Retired Staff Association of Siddaganga College:** It was constituted in the year 2012 an initiative of Alumni. It meets in the eve of college day annually. The Association has instituted scholarships for deserving students. All staff with their family assembles and conducts various cultural, sports activities followed by dinner.

## **6. GOVERNANCE, LEADERSHIP AND MANAGEMENT**

### **6.1 Institutional Vision and Leadership**

#### **6.1.1 The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the institution**

Answer:

#### **VISION**

To train our youth in a high academic environment imbibing great values which enable them to become self-reliant, purposeful and useful citizens of the world.

#### **MISSION**

To strive to be the lead college among the degree colleges in terms of providing education, excellence and enlighten its students while continuing to meet its social commitments.

To equip the students with knowledge, emotional stability and complete personality development. To give confidence and winning edge in the present Global context and make modern education relevant to real life.

#### **Leadership: (Sree Siddaganga Education Society (R.))**

Sree Siddaganga Education Society was established in the year 1963. It is committed to the idea of “**Trivida Dasoha**” (free education, food and shelter). Sree Siddaganga Education Society has a long tradition of providing free boarding, lodging and education to the children coming from lower strata of society. Presently around 9000 children are beneficiaries. The education society is presently running 122 educational institutions and more than 50,000 students are getting quality education from these institutions. **His Holiness Revered Dr.Sree Sree Shivakumara Swamiji** and **His Holiness Sree Sree Siddalinga Swamiji** are the Founder President and President of the Society respectively.

#### **Aims and Objectives:**

The visionary founders envisaged an Institution for the education of young girls and boys. The Institution is anchored in the noble objective of empowering students which is actualized through various enrichment programmes, extensive community extension programmes and intensive value education that has been institutionalized

right from its inception. Active participation in the activities helps students to acquire qualities like concern for fellow beings, leadership, team building, creative talent, communication skills, self confidence, social interaction, gender sensitization and environmental awareness. Through the activities, students get exposure to social realities which help in developing social commitment. To attain these objectives the college provides a range of support systems, training and activities. It lends assistance to students to achieve their full potential through the concepts of learning as a continuing and perpetual process.

### **6.1.2 The institution practices decentralization and participative management**

Answer:

The prime authority of the College is His Holiness Revered Founder President Dr.Sree Sree Shivakumara Swamiji and His Holiness President Sree Sree Siddalinga Swamiji. Sri. T.K. Nanjundappa is the Honourable Secretary of the Society. The College has a Corporate Management Committee which comprises 12 members and a College Governing Council Body. The Managing Board meets two times a year, and as and when required, to plan and reviews the development strategies for the Institution. The Principal is chosen by the Management in strict adherence to the norms of the Government and University.

The institution is committed to the empowerment of students. It introduces programmes of study that cater to the diverse requirements of the stakeholders. The code of behaviour and conduct for staff and students are laid down by the Management. Staffs are expected to be dressed modestly and neatly. A common assembly prayer instils National Integrity and patriotism among students.

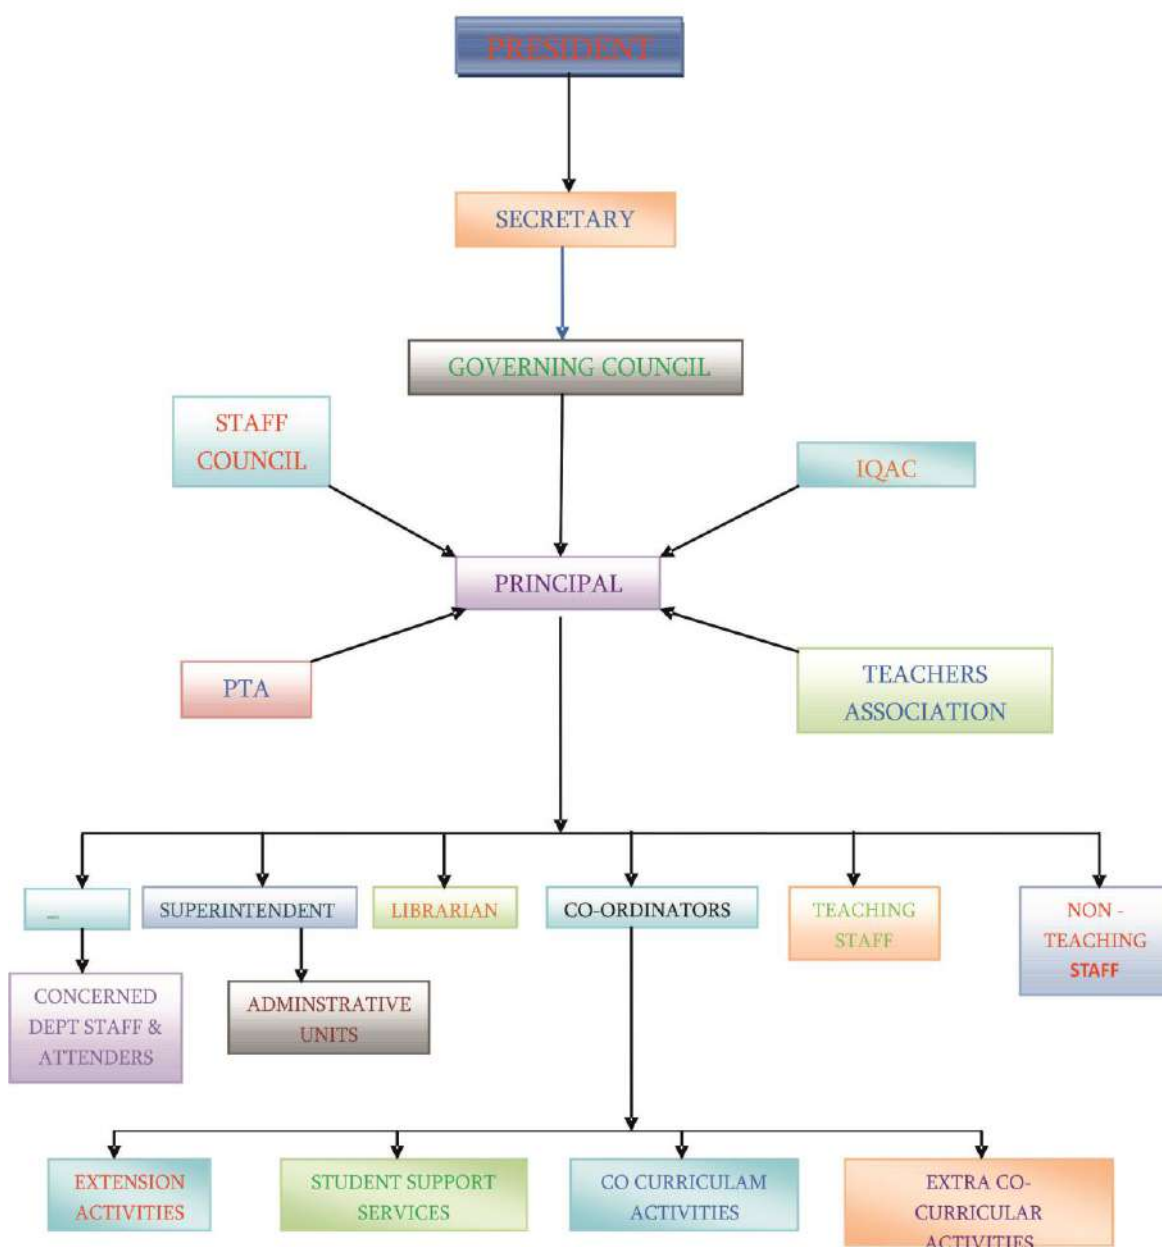

A work culture that considers education as a commitment to society is practiced. The thrust on community extension programmes upholds the primary objective of education as commitment to society. The institution provides good infrastructure to meet the growing academic needs. The Principal is the executive authority of the Institution. She plays a vital role in steering the academic community towards excellence. She ensures that the policies of the Management are implemented to the letter and spirit and makes all efforts to uphold the principles on which the institution was founded. She looks after the day to day

administration, ensures uninterrupted execution of the teaching- learning process. She prepares a work schedule that lists the various functional committees with convenors. Presides over the various administrative, academic and extra academic committees to ascertain their smooth functioning. Takes steps to inculcate research culture among staff and students. Maintains healthy interaction with the stakeholders. Personally supervises the student's feedback, analyses the data and takes required action. Provides all learning resources and infrastructural support for teachers and students that enhance quality and sustain excellence.

The present Principal, Dr. R.Ananda Kumari is the alumni of the College.

The faculties are closely involved in the design and implementation of quality policy and plans. The College Staff Council and Association have developed various strategies to sustain and enhance quality. A group of committed and dedicated staff is the strength of the College. A legacy of quality culture, loyalty and patriotism is handed down to the succeeding generations of teachers. Quality assurance in the execution of these duties is ensured through the periodical committee meetings. The IQAC plays a major role in ensuring the sustenance of quality through departmental visits and ascertaining of documentation and proposing new ventures to meet the growing requirements of the students. The College Governing Council includes The Secretary, Management and University representative, Stake holders, the Principal, Departmental Heads, Office Superintendent, Librarian, Alumni and the IQAC Coordinator meet periodically to plan, implement, monitor, review and resolve issues.

## 6.2 Strategy Development and Deployment

### 6.2.1 Perspective/Strategic plan and Deployment documents are available in the institution

Answer:

**Siddaganga Education Policy:** The Education Policy was drafted in 1966 and is being revised from time to time. The uplift of rural students is a major concern of **His Holiness Revered Dr.Sree Sree Shivakumara Swamiji** and His Holiness Sree Sree Siddalinga Swamijis who are the Founder President and President of the Society. He is a staunch follower of “**Basava Philosophy**” with his mission statement “**Kayakave Kailasa- Work is Worship**”. The Policy stipulates the goals

and objectives of education as a vocation. The Principal advises the Time -Table Committee to prepare the academic calendar for the year in accordance with the University academic calendar. The Calendar lists the number of working days, holidays, schedule of internal examination, end of semester examination, submission of mark lists, college activities and so forth. Before the commencement of the academic year, a general timetable for the entire College is drafted by the Timetable Committee. The first Council Meeting, Departmental meeting, Staff Association, IQAC discuss the action plan for the year. The Departments also prepare their individual timetable in consultation with the general timetable provided. Portions are assigned to each faculty according to his/her expertise, preference and ability. The implementation of these plans is reviewed periodically at subsequent meetings. The different Departments, Committees, Clubs, Forums and Units are advised to formulate their action plan and arrange programmes in consultation with the Principal at the beginning of each year.

### **Interaction with stakeholders:**

The Management takes various steps to maintain purposeful interaction with the stakeholders. Effort is made to involve them in the planning, implementation and evaluation of all aspects of the college. The students are the primary stakeholders of the institution. The relationship with the students is carefully crafted right from the day of admission. The interface with the Principal and the proctor is the first step in collecting and recording personal data. An Orientation Programme is conducted to the newly admitted students where the process of induction into the College culture begins.

The parents are the next important stakeholders and constitute a part of the Parent- Teacher Association. This unit is very closely connected with the Institution, and has over the years, extended valuable suggestions and support. The local community has benefitted immensely from the College. It is a matter of pride and privilege that they have easy access to a reputed Institution like our College. The extension activities of the College to the local community include preference in the Management quota for admission, employment for the economically backward sections. There are more than 30 working committees in the College that delegate duties with clearly defined objectives and work pattern. This policy framing and implementation is a constant process in which the entire Siddaganga fraternity is involved. Faculties constantly recharged for knowledge, professional skills. Institutionalized feedback system, meticulous quality assurance system, Induction of the IQAC coordinator into the College Governing council, reconstitution of the

IQAC according to the specifications in the revised AQAR format, Anti Ragging Cell are constituted in response to the instruction of the MHRD.

#### 6.2.4 Effectiveness of various bodies/cells/committees is evident through minutes of meetings and implementation of their resolutions

Answer:

A hierarchical organizational structure facilitates the delegation of duties and responsibilities that are directed towards the achievement of organizational aim. The Board of Management, the apex authority at the top of the hierarchy, lays out

the Institutional policy, provides the infrastructure affordable and available, and in consultation with the Governing Council and the Education Committee, mobilizes human resources according to the specifications of the State and University. Their periodical meetings review the implementation of the action plan and take measures to overcome any omissions in the administrative affairs of the Institution. The Principal is assisted by the Superintendent and Bursar, monitors the task allocation, coordination and supervision. A comprehensive work schedule is prepared at the beginning of the academic year that lists the various Committees, Forums, Units and Cells along with the staff in charge. Before the commencement of the academic year, a general timetable for the entire College is drafted by the Timetable Committee. The Department also prepares its timetable in consultation with the general timetable provided. Portions are assigned to each faculty according to his/her expertise, preference and ability. The Departmental activities are also discussed, and the time and manner of their conduct and the staff in charge decided. The implementations of these plans are reviewed periodically at the subsequent meetings. The different Departments, Committees, Clubs, Forums and Units are advised to formulate their action plan and arrange programmes in consultation with the Principal at the beginning of each year. The evaluation of the policies is done at different levels and has a mechanized system that has evolved over the years. It is a practice to conduct a meeting of the Committee or Unit concerned to evaluate the event just organized. An institutionalized feedback system prevails for the crucial aspects of the teaching learning exercise like the students' feedback, and Alumni feedback and so on. At the end of the academic year, during the College Day Celebrations, the Principal or the senior faculty presents a comprehensive Report of all activities and this is published in the College Magazine. The Internal Quality Assurance Cell visits all Departments and Units in each semester to evaluate the work done, ensure documentation and propose programmes to further excellence. The College Council and Staff Association also evaluate the activities and introduce remedial measures. The college addresses and resolves grievances and complaints through a Grievance Committee, Anti ragging and Anti sexual prevention committee and other such committees.

### **6.3 Faculty Empowerment Strategies**

#### **6.3.1 The institution has effective welfare measures for teaching and non-teaching staff**

Answer:

#### **Encouragement and Support for Staff Involvement in Institutional Process:**

The staffs who are the main executors of the teaching learning process are involved in the Institutional process at the following levels like Governing Council and Staff Association. All the teachers are coordinators or members of the various committees, cells and units. Staff representation in the Education Committee and the Management Admission Committee is also ensured. Achievers are honoured at the College Day programme. The Principal puts up a note of appreciation/congratulation on the staff meeting for any accomplishment, achievement or execution of duty well done. The Principal also announces the names of achievers in the daily prayer. The faculties are sent for workshops and conferences organized by the UGC or other Institutions. For general programmes, like the IQAC, and other development programmes, the management provides support. Regular training programmes are organized for the entire faculty once in a year, the expense for which is borne by the Management. The faculties are equipped to face the challenges of new portions through extension lectures, talks by resource persons, and so on. The Principal reminds them of their roles and responsibilities in Council meetings and Staff Association meetings regularly. They are sent for training to fulfil their respective roles. Staff trained to coordinate NCC, NSS, etc. The Secretary meets with the staff at least twice a year to motivate and encourage them and promise them support.

**6.3.5 Institution has Performance Appraisal System for teaching and non-teaching staff**

Answer:

Teachers submit the self- appraisal report on an annual basis to the Principal. This self-appraisal is comprehensive and refers to the teacher's academic/research achievements, innovations in teaching and contributions to social and cultural aspects. The contribution of the faculty to various co-curricular and extra-curricular programmes in the College is also assessed. Apart from this self-appraisal, students who are the main stakeholders also evaluate each and every staff through a structured questionnaire. The identity of the students remains unrevealed so that they are free to assess the overall performance of the faculty. The principal assesses these evaluation reports, after which they are conveyed to the corresponding HODs of the respective Departments to be discussed with the staff concerned. Self-appraisal of the teaching and non-teaching staff is done annually and is assessed by the principal. A suggestion box is placed in the campus for students to convey their suggestions and opinions for performance improvement. Alumni feedback, Parents' feedback are considered with due importance.

## **6.4 Financial Management and Resource Mobilization**

### **6.4.1 Institution conducts internal and external financial audits regularly**

Answer:

The college is subjected to both internal audit and external audit regarding Academic and Administrative aspects. Academic Audit is conducted by the Secretary, Special officer, Principal and IQAC co-coordinator in a year to discuss about the syllabus and results. Subjects with low performance are informed to take improvement classes.

The internal administrative audit is conducted by a chartered accountant at the end of the financial year. The internal audit report is submitted to the Board of Management of the Education Society.

The Department of Collegiate Education, Government of Karnataka also sends its team of auditors to conduct an external audit. The external audit is also carried once in every financial year. Audits regarding the Grants received from agencies like U.G.C, DST are done in accordance with their norms and conditions and are submitted in time.

#### **Observations of Auditor:**

1. Managing the cash collection and account keeping is not implemented properly
2. Need of effective fee collection from students
3. The College authorities are required to take immediate action to recover the advance amount outstanding for a long period.
4. Purchase norms of calling quotations has to standardise
5. Many of the college payments including salary are supported by self bills and vouchers
6. Physical stock verification report of Library and other Department not produced
7. Recovering of balances in the Balance sheet
8. University regular receipts are not produced
9. Movable assets and financial transactions need checks.

*Revered President,*

**Sub:** Audit of Accounts.

**Unit:** Sree Siddaganga College of Arts, Science and Commerce for Boys  
For the year ended 31<sup>st</sup> March 2015.

We have audited the accounts of your above college for the year ended 31<sup>st</sup> March 2015 and report our observations as under:

**1. College Fees and Other Cash Collections:**

The day-to-day cash and bank transactions of the college requires verification by the college principal and superintendent duly certifying the cash balance held on hand. The physical cash balance denominations at the end of the day is to be recorded in a separate book and the same is to be under the custody of the head of the college. The above system of managing the cash collection and account keeping (only fees collection amount has been recorded) is not implemented at the college.

**2. Fees Collections through bank Remittance directly by students:**

As reported by us in previous years that there is need for effective fee collection and accounting in the college, the college students may be instructed to pay their fees in the designated local bank account through challans duly filled by the students, countersigned by the college fee collection clerk/ superintendent or by any authorized college employee. On receipt of college portion of the fees paid challan is to be verified by the fee collection clerk with college bank pass book deposited entry, the regular college receipts are to be issued to students and the required fee collection registers are to be maintained (Class wise, section wise, year wise, Fee DCB registers etc. are to be maintained and college superintendent or authorized officer is required to verify and certify the fees collection and balance outstanding at the yearend.

**3. Outstanding Tuition Fee:**

As per schedule 'F' attached to the Balance Sheet of the year, the Tuition & other fee outstanding in the college accounts have been adjusted as per DCB Statement produced and certified by the college authority.

10

**4. Expenses/Purchases vouchers:**

Many of the college payments are supported by self bills /vouchers and not certified by concerned authority.

**5. Receipts for University Remittances:**

The following University remittances are accounted in the college books of account. In support of the above remittances, University regular receipts are not produced (only bank remittances challans have been produced) for our verification. The following is the list of few such payments:

Date of payments	Nature of Payment	Amount Rs.

**6.4.3 Institutional strategies for mobilisation of funds and the optimal utilisation of resources**

Answer:

The Board of Management of the Education Society monitors the effective and efficient use of financial resources. The bursar in consultation with the Principal compiles a list of requirements from the Departments/ Units at the end of the academic year. A checklist for the allocation of fund is drafted in discussion with the Education Committee. The college being a non-profit organization, generation of fund is a major challenge. The main sources of funding are the UGC and the DST. The fee structure of students is fixed by the University. Internal resource mobilization is from the contribution made by staff, students and well-wishers. The

day to day expenditure for running the college is met by funds generated from fees. The salary of the management staff is paid by the management. Construction of all new infrastructure and renovations is funded by the management. Funds donated by Alumni Association are utilized as Scholarship for poor students.

## **6.5 Internal Quality Assurance System**

### **6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes**

Answer:

The IQAC of the college was established in the year 2004. The Internal Quality Assurance Cell (IQAC) is constituted of members as directed by the NAAC. The Alumni and students are represented in the IQAC of the College. The institution is committed to use Quality as a verb in all its activities. The IQAC has made an attempt to institutionalize quality assurance. The IQAC is actively involved in translating this policy into practice. It ensures the sustenance and enhancement of quality and excellence. It meets once in very month to discuss, review and propose practices that can be institutionalized as Best Practice in the future. The committee also insists on systematic documentation and recording of all events in academic and extra academic. The members visit the Departments, Office, Units and Cells to monitor both the performance and the maintenance of proper records. The Committee also organizes personal development programme for both staff and students. The IQAC prepares the AQAR every year to be submitted to the NAAC. It makes surveys pertaining to the College and provides information about the seminars and other research activities of UGC / NAAC sponsored seminars in other Institutions.

The IQAC considers teachers as the fountain head for delivering quality education. It is the policy of the College to help teachers enhance their capacity by encouraging them to undergo training programme, orientation programme and to participate in seminars, conferences etc. The College also believes that teaching and research should go hand in hand. Teachers are also encouraged to take up research projects and publish their works. This policy gets reflected in the evaluation of teachers which is a significant part of quality assurance. The quality assurance policies, mechanism and outcomes are communicated through various means. The Prospectus and Calendar carries information on these aspects. This information is also posted in the College website [www.sscasc.org](http://www.sscasc.org).

## Initiatives of IQAC

- Promoting faculty to publish Research papers in UGC prescribed journals and presentations
- Encouraging faculty to apply for UGC Minor and Major research projects
- Conducted several Seminars / Conferences for students and teachers.
- Encouraging students to participate in seminars / competitions based on research in University level.
- Conducted National Science Day with special talk and inter class quiz completions.
- Placement activities and SSPD for students
- Books and journals facilitating research are purchased in consultation with the departments
- INFLIBNET facility is available for research scholars
- Conducted INSPIRE Programme– science nurturing classes for PUC students in collaboration with DST.
- Finishing classes for PG students
- Orientation workshop for freshers
- In house orientation programme (Punaschethana) for teaching and non-teaching faculties
- Promoting Best Practices in the College
- Timings of college changed from 9 AM – 4.40 PM with leisure timings
- Incorporated Swachh Bharat Abhiyaan and International Yoga Day in the academic calendar
- Initiated free management seats for students from economically backward class
- Approached management for the new Golden Jubilee Building and renovation of all science labs.
- The IQAC is in the process of bringing out a Repository of all the papers presented by the faculty for the benefit of students and scholars.

**INSPIRE-2016 Science Nurture Camp, December 26-31, 2016  
Sponsored by Department of Science and Technology  
Government of India**

INSPIRE-2016 Science Nurture Camp was organized by the Sree Siddaganga College of Arts, Science & Commerce with the sponsorship of Department of Science and Technology, Government of India, New Delhi from December 26<sup>th</sup> to 31<sup>st</sup>, 2016.

The INSPIRE camp is a unique programme for the students of 11<sup>th</sup> standard. Prior to the camp, the initial preparation of the selection of students from different colleges was made. A great enthusiasm was shown by different colleges. Around 300 entries were received at the 1<sup>st</sup> round of selection; even though the strength of the students was limited to 200 with students who scored 90.2% and above in the X<sup>th</sup> Standard.

The objective was to give exposure to the students from maximum number of colleges. Keeping this in view students from about 16 colleges of Tumkur, Bangalore, Chitradurga, Davangere, Tiptur, Harihara and Turuvekere were selected

Indeed the camp was a great success and there was a process of learning for the team besides the Nurture camp. It was realized that student participants had a great time amongst the Scientists, the resource persons who gave talks on 'Role of Basic Science in Developmental activities in India', 'Light Emitting Materials', 'Environmental Issues of India', 'Professional Excellence & Technical Leadership – Success Mantras by Sir M.V', 'Joy of Mathematics', 'Use of Microwave in our Daily Life' 'Methods of Science & Mathematics', 'Qualities of a Scientific Mind', 'Symmetry in Nature, Arts & Science', 'Art of Signalling Mathematics of Communication', 'Concepts of Optoelectronics'. In fact these talks mesmerized the students. The students did not get lost in between the sessions. They got involved completely in all the talks with an urge for learning new things.

Students loved to share their thoughts with the resource persons during the Panel discussion. The students got a chance to walk around the College premises in the pleasant evening weather and talk to the resource person freely during the walk, ask questions and clarify their doubts.

Pure Science, its scope and avenues in the research aspect in fact was an eye opener for the student participants. The host team of the Science Nurture Camp felt that students were overwhelmed to know things in the subjects beyond their class syllabus. The eminent Scientists of the camp coming

from IISc, IIT, ISRO, JNCASR, Ink and Think Science Foundation, were a symbol of motivation to the young students who wanted to pursue their studies in pure Science.

**6.5.2 The institution reviews its teaching learning process, structures and methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms**

Answer:

The IQAC of the College makes two visits each year to all the Departments to ensure documentation and evaluation of activities. It also suggests programmes that can be included in the Department to cater to student support, extension service or academic excellence. The IQAC also conducts seminars for staff and students. The IQAC has also encouraged students to present papers at IQAC coordinated seminars in other Colleges. Two students, Prajwal of CBZ presented paper for “ANVESHAN- Research Paper competition in Tumakuru University” Another student Ravi Teja of CBZ participated in PowerPoint presentation competition. The IQAC has also proposed to the Principal that the faculty be encouraged to present papers at international conferences and insist that each one has at least one publication a year in a refereed journal with good impact factor. The IQAC organized 4 state level seminars for University Teachers with TUCTA (Tumakuru College Teachers Association). The IQAC keeps itself informed of Best Practices and Innovative practices in other Colleges through the NAAC publications, Institutional websites and Institutional visits. Besides proposing programmes for quality enhancement, the IQAC also motivates activities that are socially relevant such as protesting against child and women abuse. It promotes social awareness and proactive measures among the College community. It organized a demonstration and awareness rally on “Farmers Suicide” in Karnataka. The College timing has been increased by one hour to facilitate remedial classes. The IQAC of the College conducted a survey on the Best Practices in teaching and learning used by teachers in this College. Most teachers are aware of the various methods of teaching-learning and often integrate these in their daily professional life. However, time constraints and tedious syllabus imposed restraints on them. The library is well equipped and well managed. The infrastructure is constantly upgraded to meet the growing academic needs. ICT is increasingly incorporated into the teaching learning exercise. Teachers are encouraged to take part in workshops, training programmes and seminars that are intended to improve their professional skills. The peaceful and calm ambience in the campus is ideal for the teaching learning exercise, with absolutely no unrest, political or otherwise. The College has sufficient infrastructure to make the learning experience effective. The Science laboratories, the Computer Science laboratories and the English language laboratory are well equipped with modern teaching aids. There are also well equipped seminar halls, auditorium, and smart classrooms. The library is also equipped with INFLIBNET, e journals, etc. Internet facility is available with free access to the staff and students. Recent books and references are available in the library. A group of around 30 students is assigned to a proctor. The Proctor is

maintaining a proctor record during his/her period in the college. The mentoring is done not only by the tutors but by all teachers as and according to the requirement.

Gender equity promotion programs

### 7.1.2

#### **1. Institution shows gender sensitivity in providing facilities such as:**

- 1. Safety and Security**
- 2. Counselling**
- 3. Common Room**

Answer:

The College administration is well aware of issues like gender, safety and environment, which are always on top of the priority list. This being a co-education college, gender issues are accorded prime importance. The **Women Empowerment Cell** and **Anti-Sexual Harassment cell** of the college are monitored by lady faculties. The cell organized gender sensitization programmes, awareness classes, workshops and training programmes to promote self-esteem in young girls. The Cell has started training on Self Defense Techniques as well as Rifle shooting camp exclusively for girls. It also focuses on inter disciplinary approach in orientation and awareness-building and training programmes. It also organizes various campaigns on environment awareness, safety and security of women. It provides a platform for students to express their views and attitudes towards various gender issues. In the post accreditation period, the Cell organized several useful programmes like seminars, talks, workshops, Women's Day celebrations, debates, competitions, symposiums, etc. Besides the Cell activities, the College also responds to social issues related to women. Talks by eminent personalities like Mrs.Isha Pant IPS, the Superintendent of Police, Tumakuru District, is one of the distinguished guests during the inauguration of International Women's Day. The entire campus is under surveillance of closed circuit television cameras (CCTV) which record the activity of staff and students in corridors and open spaces. Surveillance footage can help to monitor and prevent any kind of illegal activity. A Security Personnel is deployed in the main entrance to prevent the entry of any unauthorised personnel on the premises. The Student Grievance Redressal Cell is constituted of senior teachers, student representatives and junior teachers. The students are informed of such a support system on the very first day of admission. Besides there are suggestion boxes made available on the campus for students to drop their grievance and suggestions. These are checked regularly by the coordinators and redressed as per the needs. When the grievance is concerned with the public facility like transportation, harassment, examinations etc. they have to give the complaint in writing and follow up action is taken immediately. Both boys and girls have common rooms in the new building with all facilities.

**7.1.5 Waste Management steps including:**

- Solid waste management
- Liquid waste management
- E-waste management

Answer:

The chemical waste is identified and categorized into different classes/groups. Students are made aware of the disposal of different categories of waste generated in the lab. They are given clear instructions to dispose the broken glass waste and chemical waste in the respective waste receptacles. Students are encouraged to take up projects relating to problems of waste management. One minor research project proposal of Prof. Anilkumar. M HOD of Zoology on “Solid Waste Management” was accepted by the UGC and sanctioned Rupees one Lakh.

This Institution practices scientific ways of waste disposal that prevents any harm to the people in the neighbourhood. The Chemistry lab requires strict monitoring of waste disposal, as there is little or no hazardous waste produced in other labs. All the chemical waste generated in the lab are identified and categorized into different groups. They are then collected in separate containers. Acid / alkali waste are collected in separate vessels. Release of this waste into the surroundings is done only after making it environmental friendly by dilution with plenty of water and then neutralization using very dilute alkali/acid neutralization. Other hazardous wastes which can be recycled / reused are sent to recycling units for industrial purposes. The recyclable waste is sent to the local traders and the non- recyclable is disposed of by incineration. The used plastic containers are also sold to local traders. Glass wastes generated in the lab are also collected separately. Separate containers are kept for glass waste and sold to local traders/manufacturing units for recycling. Storage of strong acids (corrosive and hazardous) is done in a separate room. Other corrosive chemicals, inflammable solids, liquids and organic solvents are also stored separately.

E-waste management: Technology has been increasingly incorporated into the teaching learning process and administration. Hence, e-waste management is a serious challenge for the Institution. Green computing is encouraged in the following ways by Switching off CPU and all peripherals such as printers, modems, routers, projectors during extended periods, use of LCD instead of CRT monitors, use of refill inkjet cartridges and laser toners, purchase of fewer toxic materials and more recycled components. Our college have tie up with E-Parisaraa Pvt. Ltd, Dabaspeta, Tumakuru for disposing e-wastes.

3. E-Parisaraa will provide the Certificate Of Recycling.
4. SSC will provide the Gate pass/Delivery Challan on the collection day.
5. SSC will depute a SPOC(Single Point of Contact) for the e-waste disposal activity.

### **Effectiveness**

Effectiveness of the process will be monitored by respective signatories of the MOU.

### **Duration**

This MOU is at-will and may be modified by mutual consent of authorized officials from (both parties). This MOU shall become effective upon signature by the authorized officials from both parties and will remain in effect until modified or terminated by any one of the parties by mutual consent. In the absence of mutual agreement by the authorized officials from both parties. This MOU shall be effective from 01-10-2017 to 30-09-2019

## **7.1.6 Rain water harvesting structures and utilization in the campus**

Answer:

Water harvesting: Rain water harvesting unit has been set up in the new Golden Jubilee Building of the campus to meet the requirements of de-ionized water for the laboratory. Distilled water or water free from ions is an essential requirement for the conduct of practical in Chemistry. The water thus collected and conserved is put to maximum use, but is not used for drinking. Similarly rain water harvested is also used for gardening and other construction work in the campus. The roof of the new building surface receives rainfall directly is the catchment of rainwater harvesting system. The terrace of the building collect water which is channeled through pipes and stored in a cement tank or sometimes it is diverted to artificial recharge system.

This method is less expensive and very effective helps in augmenting the ground water level of the campus.

#### **7.1.7 Green Practices**

- **Students, staff using**
  - a) **Bicycles**
  - b) **Public Transport**
  - c) **Pedestrian friendly roads**
- **Plastic-free campus**
- **Paperless office**
- **Green landscaping with trees and plants**

Answer:

Green audit has been conducted by the c.p.r. Environmental Education Study Centre, Bangalore for the last 3 years. The strategy of the Management regarding expansion of infrastructure is closely aligned with the protection of an eco-friendly campus bearing in mind the impact of the Institution on the environment. During the year 2014-15, the green audit report was M- Medium purple colour and in the subsequent years, 2015-16 and 2016-17 it was H-High Green colour. The Management takes great interest in nurturing a green campus through the maintenance of a garden and plantation of trees and plants. In this way students will not only involve themselves in some healthy exercise, but it will also make them learn about team work, about their environment, and instill in them a sense of environment responsibility. The Eco-club, Forum of Life Science students and Faculty are behind this achievement. The main entrance to the Institution provides a view of a spacious rare species of plants and a botanical garden on the other. The garden consists of a variety of flowers and ornamental plants. Green Practices: Besides maintaining such plantations, the Institution also sensitizes students to the environment through the observance of Environmental Day, Ozone Day, Forest Day, etc. One of the best practices promoted by the college is “Green Campus-Clean Campus”. Seedlings and plants were planted by each student of the college in the Tumakuru City. It was made successful by the collaboration with SBI and the Forest Department of Karnataka.

Effort is made to make the campus plastic free and to use less paper. Students are encouraged to submit applications through on line, Submission of internal

marks, scholarships, remittance of university fees, provident fund, Life insurance, salary of employees and submission of college details are done through online. The use of paper is cut down by some departments by giving notes lecture notes, bibliography and other study supplements which are provided by online or by sharing pen drivers and CD. Students are asked to create E-mail account for their group to facilitate sharing of notes and lectures. The reuse of paper is a practice that is strictly adhered. The recyclable waste is sent to the local traders and the non-recyclable is disposed of by incineration. The campus is a totally de-plasticized zone. The use of plastic bags, cups and plates are restricted in the campus. Students in the NCC ensure that the classrooms and campus are kept clean and plastic free and the NSS volunteers make it a point to pick and dispose every bit of plastic waste from the campus. Waste bins are provided in all rooms and various convenient spots in the campus to facilitate waste disposal. Students are encouraged to make use of the of the public transport facility as the college is situated just 500 meters away from City Bus stand and Tumakuru Railway station. The secretary of the institution, teaching, non-teaching staff, NCC and NSS students are actively participating in Swachha Bharath Abhiyan on the last Saturday of every month.

Youth day celebration (swamy Vivekananda Jayanti) Independence day

Gandhi Jayanti

Dr.AmbedkarJayanti.

Teachers day

Republic Day

#### 7.1.18 Institution organizes national festivals and birth / death anniversaries of the great Indian personalities

Answer:

Celebration of National Festivals like Independence Day, Republic Day is a regular feature and the staff and students celebrate them on respective days at the college premises in a befitting manner by hoisting the flag, singing patriotic songs, chief guest's speech and distribution of sweets to everyone. Our NCC students move to the stadium after the celebration at the college and each year, they have won the medal for march past.

'Guruvandana' is celebrated on 1st of April every year on the birthday of **His Holiness Karnataka Rathna PadmaBhushana Dr. Sree Sree Shivakumara Swamiji**, the senior Pontiff of Siddaganga Mutt who is also the Founder President of the Society hailed as 'The Walking God' who is 110 years old is the greatest source of inspiration to the present generation in Karnataka. He is an awesome humanist, imbibing in himself the ideals of Basavanna and Vivekananda. With his social commitment and a vision to educate the rural students, especially the poor and the marginalised, Swamiji runs 127 Educational Institutions.

The celebration begins with the preparations like cleaning of campus and putting up large banners and cut-outs and decorations; Early on the day, the faculty with students worship the photo of Swamiji. The occasion is marked by organising ‘Blood Donation Camp’ by the Red Cross Wing of the college as an extension of Swamiji’s service to society. Students find satisfaction in supplying free drinking water to Tumakuru city on that day. The institution offers ‘kosambari’ (made up of cereals and Green salad) ‘paanaka’- (sweet juice from jaggery) at the entrance to all the passers-by.

Then the entire staff and students move to Sree Mutt where they pay their respects and take pleasure in serving the large multitude of devotees who have arrived from far and wide. The services range from looking after the seating arrangements, supplying drinking water, serving food and guiding devotees with necessary information.

VVIP’s like Former President of India Dr.Abdul Kalam, Former Prime Minister of India Mr.Atal Bihari Vajpayee, and The present Prime Minister of India Sri.Narendra Modi are invited on the occasion. Lakhs of assembled devotees wait eagerly for the spiritual speech that instils a spirit of righteousness and his divine blessings. ‘Annadasoha’ (free food) to all the people arrived is arranged throughout the day at different places, making sure that all the devotees get the ‘prasadam’. Our students whole heartedly involve the message in service activity on the occasion.

**Celebrating the 110<sup>th</sup> birth anniversary of our founder president  
Dr.SreeSreeShivakumaraswamaji.**

**7.1.19 The institution maintains complete transparency in its financial, academic, administrative and auxiliary functions**

Answer:

The Sree Siddaganga College of Arts, Science and Commerce with its fifty years of distinguished service stood top in Tumakuru District with its commitment to higher education among the economically and socially backward sections of the society. The programmes offered by the College are well known in the District. Admission to various courses is strictly on the basis of the admission policy laid down by the Tumakuru University, Tumakuru and the Government of Karnataka from time to time. Transparency in the admission process is meticulously observed and the lists of candidates to be admitted both on merit and statutory reservation are displayed on the college notice board. Reservation seats for backward communities and sports quota are filled according to Government rules. The socially and economically backward sections are integrated into the College community through various promotional measures like freeships and scholarships both at the Governmental and the Institutional level. Prompt dissemination of information and dispensing of scholarships and financial assistance are carried out. Students are free to express their opinions and criticisms in the suggestion box placed in the main block of the College. The Principal takes necessary action immediately by discussing these issues either personally or through the Staff or Departmental meetings. The students also have a Grievance Redressal Cell. Audits regarding the

Grants received from various agencies like the U.G.C, Scholarships and other accounts are done in accordance with their norms and conditions and are submitted in time. The Local Management Committee and the Governing Council monitors the effective and efficient use of financial resources. The bursar in consultation with the Principal compiles a list of requirements from the Departments/ Faculty at the end of the academic year. A checklist for the allocation of fund is drafted in discussion with the College governing council and Finance committee.

## 7.2 Best Practices

### 7.2.1 Describe at least two institutional best practices (as per NAAC template)

Answer:

#### INSTITUTIONAL BEST PRACTICES

##### 1. Green Campus –Clean Campus

College campus –green campus

### Best practices:

#### 1. Title of the practice: “GREEN CAMPUS –CLEAN CAMPUS”

- Committee Chairman: Principal
- Coordinator: Smt.Geethanjali, Assistant Professor and HOD of Botany
- Members: Faculty and students of Botany, Bio-Technology and Zoology departments.
- Goal: To create environmental awareness among students
- Aim: To provide an excellent ambience for learning and to preserve eco balance.
- Objectives: To sensitise students about the benefits of Clean, Green campus and Ecosystem.

**The Context:** ‘Green Campus Clean Campus’ is initiated by the Faculty and the students of our college to provide environment enriched, friendly campus, to reduce ecological imbalance, emission of greenhouse gases. 1/4th of campus is covered with lavish greenery that provides an excellent ambience for learning. The campus has landscaping with green grass, ornamental plants, Aromatic plants, Medicinal plants and huge trees with canopy of branches forming green Auditorium. The college is very proud of this green and pollution-free ambience which has been conducive to a good educational ambience. Green hour is an innovative practice from students of life science forum. The last hour between 4 to 5 pm on second Saturday in a semester has been allotted for the environmental awareness activities such as talk on environmental protection, personal hygiene strategies, energy conservation, prevention of indiscriminate felling of trees, to promote planting of saplings etc. The Forum of life science has initiated the mission ‘**Green campus – Clean Campus**’ under the leader ship of retired Prof. K.Siddappa, HOD of Botany. All the faculty members of Botany, Biotechnology, Zoology and the students are actively participating in planting the saplings of **Neem, Pongamia, Teak, Biginonia, Gulmohar etc.** in the campus and in around the Tumakuru City. The

saplings are provided by the Department of Forest, Tumakuru Division and fencing of the plant has provided by State bank of India, Tumakuru.

**Practice:** Extensive water-harvesting activity has been undertaken at various parts of the campus, resulting in very high ground-water levels. In addition to this each tree is adopted by a student, during the study period she /he has to look after the particular tree or plant in the campus. We are also adopted a new method for watering the plant which is called as “Bottle feeding” for this we thought of applying for patent.

Use of in-organic fertilizers has been dispensed with and organic farming is being adopted in the campus. The college has a compost pit where we make organic manure. We have started vermiculture in the campus. The use of plastic bag is banned in the campus make this best practice successful.

Now-a-days due to the ecological imbalances the human race is facing the hazards of environmental degradation. Urbanization, felling of trees, emission of greenhouse gases have threatened the future of human civilization. So this ‘**Green Campus -Clean Campus**’ started by the faculty and the students of our college may inspire more people which is the need of the hour.

**Evidence of Success:** 60% success in the implementation of green campus clean campus.

**Problems encountered and resources required:** Lack of awareness among people and protecting trees outside the campus is very expensive, in addition to these cattle and pests destroy the saplings of trees.

#### **Extension Activities :**

- Naming of Trees in College Campus 2011-12
- Environmental protection activities and Ozone depletion awareness by planting tree saplings of Pongamia, Teak, Gulmohar etc. 2013-14
- Identification of Medicinal plants of Bharadi Ranganathswamy Forest area on Jan 2016 Sira –Sample survey – A programme organized by Bio diversity Board, Government of Karnataka.
- Planting of 2600 saplings under “Lakshavruksha Yojanae” (Planting one lakh saplings programme). Teak, Pongamia Neem etc. in Tumakuru District

from Town hall circle to Church circle and in B.H Road upto Government Polytechnique College.

- Participation in “Seed ball Abhiyan” organized in collaboration with Department of Forestry and Jawaharlal Nehru Vidyalaya. (Making mud seed ball of Rose seeds, Sandal seeds, Amla seeds etc) for Social forestry on 25th June 2017.
- Sowing of seed balls in the Devarayanadurga forest area and Namadachilumae.
- Seed ball formation in association with Alfa nature club.
- Maintenance of Green campus and naming Trees of the college campus.

## **2. Title of the practice-“Health and Hygiene for all”**

**Volunteers:** All Class representatives- both girls and boys.

**GOAL:** Adolescence is an important stage in the life of students. During this age number of physical and mental change occurs in both girls and boys. To sensitise about these changes, the above program is implemented as one of the best practices of the college

**AIM:** To provide health and awareness for all students of Siddaganga College.

**OBJECTIVES:** To sensitise students about the adolescence, health problems and preventive methods against diseases.

**THE CONTEXT:** Our College is co education and most of the students are from rural backgrounds. In order to overcome this, **Health and Counselling cell** of our college conduct different types of programmes. They include health counselling, medical check-up, meditation camp, reproductive health and seminar on nutrition.

**PRACTICE:** During the health education program all the students were issued a health card in which blood group, Haemoglobin and BMI were recorded by the Consulting doctors, During this program a team of teachers and visiting health

counsellor addressed students on various health related and adolescent and Hygiene problems.

**Evidence of Success:** Girls students expressed satisfaction on this program. Rural students discussed many issues and shared experiences on this platform with counsellors.

**Problems encountered and resources required:** In-house Doctors are not recruited but the Government Hospital is just in front of our campus so that we can easily access during any medical emergency.

### **7.3 Institutional Distinctiveness**

#### **7.3.1 Describe/Explain the performance of the institution in one area distinctive to its vision, priority and thrust**

Answer:

Performance of the institution in one area distinctive to its vision priority and thrust:

“To strive to be the lead college among the Degree colleges in terms of providing education, excellence and enlighten its students while continuing to meet its social commitments. To equip the students with knowledge, emotional stability and complete personality development. To give confidence and winning edge in the present Global context and make modern education relevant to real life”.

The visions distinctiveness of our college is reflected in our teaching-learning process, ICT, Human Values and functional relationship with all the stake holders for the holistic development of individual and society. It is reflected in our academic results and the number of University ranks we have obtained. It is also reflected in the number of admissions from rural areas. The infrastructure and extracurricular activities also contribute to the image of our college.

The instruction has been attracting students in large numbers from ruler areas of Tumkur District. Our Teaching, Communication and Technology are on par with any other college of our University. Our Teachers are well – informed, well-trained and dedicated. Most of them have gone through Orientation and Refresher Courses to become competent. We have a well – equipped library, we make use of e-journals and e-library. Teachers make use of PPT presentation to make their teaching effective. We have smart boards and smart classrooms to make our teaching and learning process very effective. All these factors contribute to our excellence in Information, Communication and Technology.

Our college conducts unit tests every month. Besides there is a test conducted one month before the final examinations every semester. This serves as a preparatory test for our students. Besides we give assignments which cover the entire syllabus. Preparation for the exams is made easy through these unit tests,

preparatory examination and assignments. In addition students with lesser ability are identified and give them extra coaching through remedial classes.

**Statement of admission:**

<b>Year</b>	<b>Total admission</b>	<b>Rural students</b>
2010-11	1810	1562
2011-12	2169	1648
2012-13	2083	1788

2014-15	1663	1338
2015-16	1735	1458
2016-17	1662	1354

The institution has been giving admissions particularly for Rural Girls and boys, SC/ST and other Backward Classes students. According to Swamy Vivekananda,” the young students play a very is most important and decisive role in shaping the destiny of nation. Our institution has been giving importance and priority to the young students in nation building activities. According to Mahatma Gandhiji, the real progress of our country more or less depends upon the progress of development of ruler India. With this vision, our institution mainly concentrates on rural areas that to backward rural areas by giving to many admissions to rural students.

The above table shows the admission strategy for different group of students in every academic year. In accordance with the vision of our institution, we train our youth in a high academic environment great values. Many of the students, in addition to their class room activities they are also involving in the curricular activities like NCC, NSS, RED CROSS activities, Sports, and Cultural activities and participate in state level, National level competitions and bagged a number of prizes. Many of our students became Entrepreneurs, joined Higher education, some of them are working in Film Industry. All these incentives go a long way in making our college unique among the affiliated colleges of our University.

## CONCLUSION

### **Additional Information :**

#### **Future plans:**

1. To introduce more innovative programmes which furnishes student requirement
2. To revamp the existing conventional programmes to meet global competency
3. To introduce more Add On courses with university affiliation
4. To start more PG departments
5. To provide better research facilities
6. To provide better sports facilities
7. To introduce biometric attendance for students.
8. To generate more funds
9. To redefine some of the practices and adapt to changes

#### **Concluding Remarks:**

The visionary founders envisaged an Institution for the education of young girls and boys especially from rural parts of Tumkur District. The Institution is anchored in the noble objective of empowering students which is actualized through various enrichment programmes, extensive community extension programmes and intensive value education that has been institutionalized right from inception. Active participation in the activities helps students to acquire qualities like concern for fellow beings, leadership, team building, creative talent, communication skills, self-confidence, social interaction, gender sensitization and environmental awareness. Through the activities, students get exposure to social realities which help in developing social commitment. To attain these objectives the college provides a range of support systems, training and activities. It lends assistance to students to achieve their full potential through the concepts of learning.
